

# Patrick Schmidt

Litigation Support Manager

As a Litigation Support Manager for the firm, Patrick is responsible for providing firmwide support, including the evaluation, operation, and management of all litigation applications and the supervision of Litigation Support staff members.

Working closely with this team and the firm's attorneys, Patrick identifies and implements litigation support standards, policies, procedures, and enhancements to the firm's various systems, with an eye towards providing the best client service possible.

Patrick is also responsible for maintaining compliance with best practices, processes, and protocols for collection, processing, reviewing, and producing e-discovery.
